

A COVID SECURE  
RESTAURANT

## A NOTE FROM NISHA

---

*My dear Mowglites,*

At the start of this, a huge worry for me was stopping the spread of Covid-19 by keeping you, our teams, and our families safe. It is for this reason that we closed Mowgli before the government told us to and we have continued to do what is right for as long as needed. Our aim was to be able to open when the time is right & we have been working tirelessly to create a safe place in which to feed you.

After months of lying dormant, mothballed, and asleep, we are making plans for Mowgli to unfurl slowly.

We cannot thank you enough for your incredible support during this time. In preparing for our re-emergence we will naturally be adopting a new way of working which we would like to share with you and ask that you also respect our measures in place. Below are the steps we are taking to ensure our restaurants are safe for you, your families, and our teams.

These measures follow the most recent government information and advice & also expand on our existing company policies.

Any physical distances will be filled with the boundless spirit and enthusiasms of your Mowgli teams.

*Thank you once again for your incredible support.  
We look forward to seeing you all soon.*

Nisha Katona, Founder/CEO, MBE

# ENSURING A COVID SECURE WORKPLACE

---

From 19th July, measures in our restaurants will change in line with government and scientific guidelines. The safety of our teams and our guests is paramount; therefore we will continue to follow these guidelines diligently.

We have carried out internal risk assessments to ensure our restaurants are Covid secure. Our external food safety provider will be conducting audits to ensure we are Covid secure before & during operation.

# IN OUR RESTAURANTS

## FACE COVERINGS

You will no longer be expected to wear a face covering within our restaurants. This is the same for our teams too. Face coverings will be voluntary and so may be worn if you wish.

## BOOKINGS

From 19th July, there will be no limits on social distance and therefore we will now accept larger bookings. Please visit our website [www.mowglstreetfood.com](http://www.mowglstreetfood.com) if you have an enquiry.

## GUEST DETAILS

There is now no legal requirement to display QR codes in our restaurants or for our team to take your details. You will not be asked for party details when you arrive at Mowgli however QR codes will still be displayed should you wish to scan in via Test & Trace.

## RESTAURANT HYGIENE

Our stringent hand washing policy will remain in place and we encourage all guests to regularly wash their hands.

Our Covid cleaning schedule will remain in place and we continue to stress our Health, Safety and Hygiene policy to our teams.

For the safety of our teams and other guests, we kindly ask you not to dine with us if you are experiencing any Covid symptoms.

*If you are dining with us in our Cardiff restaurant, please be aware that measures remain the same until further notice from the Welsh government.*

*Government guidelines are regularly changing and we will at all times be following these. For full information on current Covid guidelines please [click here](#).*

THANK YOU
